*Design Without Limits*

# Trellis Option

Even with the best view, sometimes you need a bit of privacy. Our trellis option allows you to create a separate space with a colorful screen.

- Stainless steel mesh or rods and aluminum frame are wind and weatherproof.
- Materials: 1" polished round Aluminum tubing with machined aluminum corner fittings or 1.5" anodized square Aluminum tubing with heavy plastic corner fittings; Stainless Steel mesh or rods
- Sized to fit planter size. Specify desired height.
- Frame is secured to the planter box by drilled and tapped aluminum flat bar, stainless steel bolts and aircraft lock nuts, or mounted directly to legs.
- It may be installed in the center, along the front or back wall of the planter, or even diagonally from opposite corners.
- Two bolts on each tube make installation and removal quick and easy.
- Ships flat.
